Why are you interested in adopting this dog(s)?

What energy level/temperament are you looking for in a canine companion?

- High - we are very active and looking for a running companion
- Medium-high - I go on long walks each day and/or enjoy going to the dog park
- Medium - I go on a mile or more walk a day
- Low - really hoping for a snuggle buddy to watch tv with me after work

What training needs are you willing to work on with an adopted dog?

- House-training
- Leash training
- Needs to stay busy with toys and games
- Crate training
- Basic commands

All dogs - even adult dogs - can have accidents, especially in a new place. They need close supervision and help with potty training during the transition to their new home.

- I understand
- I have questions

Have you considered the daily financial responsibility? The cost of food, veterinary care and grooming expenses for your dog (including unexpected costs)?

- Yes, I have considered the financial responsibility.
- I have questions.

While dogs we adopt out are veterinary checked and cared for (and any known issues are disclosed), you will be responsible for any and all medical care for the dog(s) once you adopt him or her.

- I understand
- I have questions

How did you hear about adopting through Legends Rescue? (optional)

Is there anything else you'd like to tell us about yourself or your family and why you'd be the best place for this dog? (optional)

Do you have questions for us? (optional)

Of course our goal is for our dogs to find their fur-ever home and the great life that each one of them deserves. If your adopted dog(s) are not a good fit, or you are no longer able to care for the dog(s), ownership would return to Legends Rescue and it would be considered surrendered with no reimbursement of adoption fees.

I understand and agree
