Why are you interested in adopting this cat(s)?

Have you considered the daily financial responsibility? The cost of food, veterinary care and grooming expenses for your cat (including unexpected costs)?

- Yes, I have considered the financial responsibility.
- I have questions.

While cats we adopt out are veterinary checked and cared for (and any known issues are disclosed), you will be responsible for any and all medical care for the cat(s) once you adopt him or her.

- I understand
- I have questions

How did you hear about adopting through Legends Rescue? (optional)

Is there anything else you'd like to tell us about yourself or your family and why you'd be the best place for this cat? (optional)

Do you have questions for us? (optional)

Of course our goal is for our dogs to find their fur-ever home and the great life that each one of them deserves. If your adopted cat(s) are not a good fit, or you are no longer able to care for the cat(s), ownership would return to Legends Rescue and it would be considered surrendered with no reimbursement of adoption fees.

I understand and agree
